### FAQS

Q -Will classes have mixed skills levels?

A -Yes. With our rotating groups approach and blended learning (digital as well as with teacher), individualized learning is combined with dynamic class instruction.

Q - What can girls do at their Bat Mitzvah service?

A - Under the Rabbi's guidance, **we will be offering expanded opportunities for girls, including Shabbat service options** that can include: chanting from a megillah on the bimah, and leading parts of the Shabbat service.

Q - Will there be family programming?

A - Yes! The New CSI Hebrew School is offering an exciting Jewish experience for children and their families. Family programs that reinforce the experiences and learning of the Hebrew School are planned for several times a year.

Q - Is the new Hebrew School curriculum different from the Torah Tots program?

A - Yes. The Hebrew School implements an academic as well as an experiential curriculum. However, the successful Torah Tots program is our inspiration!
